Dear City Council Colleagues & Community,

After sleeping on my resignation decision overnight, I have decided to rescind my resignation and will be dropping college instead in order to focus on my health. The city attorney has advised me that resignations can be rescinded if they have not been accepted by council. The community's response to my resignation was overwhelmingly positive and I vow to use this opportunity to seek peace between both sides of the issues going forward.

Best,

Justin Burnett  
Zone 2 Councilman
