City of Springfield  
Ralph Rognstad, Jr.  
Director, Planning & Development  
Springfield, MO 65801

Dear Ralph,

The Phelps Neighborhood Association endorses the proposed Link Concept Plan. The Phelps Neighborhood Association encourages a bicycle-friendly environment that allows bicycling for fun, fitness and transportation through our neighborhood. It is our vision that bike pathways should connect our communities, and that bicycles should be fully integrated into our transportation system. Phelps Neighborhood Association believes that the Link Concept Plan embodies this vision, connecting our neighborhood to the existing linear park trails located on the north side of Springfield and to those located on the south side. The Phelps Grove Neighborhood looks forward to being "Linked"!
